

CLEAN UP YOUR SIDE OF THE STREET

Think of a time recently when you were in a difficult situation with one of the millennials that works with you . . .

- Describe the situation.

- What is the biggest challenge or frustration for you?

- Why are you frustrated?

- Who are you blaming? And why?

- What can you do to help fix the situation/address the issue or challenge?

- Who do you need to help you, based on your strengths and the strengths of others?

- How can you make it happen? What steps do you need to take?
